TRANSVAC2: IMPROVING AND ACCELERATING  
VACCINE DEVELOPMENT IN EUROPE

## NEWSLETTER

### TNA Vaccine Development Services

**OPEN CALL: Don't miss the chance to boost the development of your vaccine candidate!**

**TRANSVAC2** offers high-quality technical services and expertise to support the development of prophylactic and therapeutic vaccines for both **human** and **animal** use. These services are not restricted to **any disease** and will be offered **free of charge**, with few exceptions! **Academic and non-academic research groups**, SMEs and industries can apply!

Workshop: **Common challenges and actions for distributed RIs in Europe**

#### Launch of CatRIs Portal:

Catalogue Research Infrastructure Services

**Job offers:** Our partner ERINHA is recruiting!

## Events

# Workshop: Common challenges and actions for distributed RIs in Europe

Two-day workshop for the RI community to reflect on current challenges and explore future options for developing and sustaining their operations and demonstrate their impact in Europe. **Stefan Jungbluth, EVI Head of Business Development is one of the speakers.** The workshop organised by [European Science Foundation](#) and [EuroPlanet Society](#).

17-18 March 2021, at 14h00-17h00 (CET)

[Programme](#) and [Registration](#)

## Webinar: CatRIs, Catalogue Research Infrastructure Services

CatRIS is an open, trusted and user-friendly portal to a harmonised and aggregated catalogue of services and resources provided by Research Infrastructures (RI), Core Facilities (CF) and Shared Scientific Resources (SSR) across Europe. So far, **more than 100 Research Infrastructures have registered over 500 services** and have improved their discoverability all over Europe. **A webinar on March 11th** will showcase the full operability of CatRIS Portal and provide an overview of a tool aiming at increasing the visibility of Research Services from any field of science while enhancing accessibility, usage and impact. [More info >>](#)

**Are you a RI Service provider?** Log in into CatRIS Portal and insert information about your RI service!

**Are you a researcher?** Navigate into CatRIS Portal and search for the service you need!

## ERINHA is recruiting!

erinha

European Research Infrastructure  
on Highly Pathogenic Agents

### [Director General](#) >>

The Director General will act as the legal representative and Chief Executive Officer of ERINHA-AISBL. She/he will manage all the operations of the infrastructure and lead the implementation of ERINHA's scientific strategy.

### [Scientific Project manager](#) >>

Reporting directly to the Director General and in collaboration with the senior Scientific Project Manager, you will be responsible for the management of all ERINHA's scientific activities and the implementation of the infrastructure's scientific strategy.
